## SUBSTANCE ABUSE UPDATE

Addiction to alcohol - alcoholism - doesn't happen only to people who drink hard liquor. It doesn't matter what you drink-liquor, beer, or wine; if you have more than a few of anything each day, you have a serious problem.

## IN OUR THOUGHTS AND PRAYERS

Let's keep Andy Mona in our prayers and concerns. Last week it was determined that Andy's cancer has been detected again. He is having further testing done at this time. We will keep you updated on his condition.

## FASCINATING FACT

Some vegetables contain large amounts of calcium. A cup of cooked frozen collard greens, for instance, supplies nearly half the recommended dietary allowance (RDA) for calcium; a six ounce stalk of broccoli, about one-quarter the RDA.

## JUNE SALES BONUS

Randy Danchak has been selected to receive a \$50.00 sales bonus for the month of June. Randy is performing an excellent job out at Federal Bureau of Prisons at 500 N. Street, NW with Dynasty Construction. Way to go Randy and keep those jobs coming in! Your \$50.00 bonus is on the way.

## FOR SALE

1985 Chevy Van 1 ton C30. Air conditioning - good shape - Price \$3,200.00 - Call Scott Mona at 868-8400 extension 394 if interested.

## EMPLOYEE SPOTLIGHT

Our employee spotlight is focused on Jim Quinn. Jim provides the full spectrum of service. Here are some words from Dick of Dunkin Donuts, "Thanks for the outstanding service-you have some great men working for you whom I'm sure your proud of. In an age that is said to be uncaring it is so gratifying to know that people of your workers caliber are still very evident in our midst." Jim, keep up the good quality work and satisfying our customers!

## TO ALL SERVICE MECHANICS

Please call George King any time one of your apprentices is late or absent. Also, let him know how the apprentices work performance is.

## BITS AND PIECES

When you are making a success of something, it's not work. It's a way of life. You enjoy yourself because you are making your contribution to the world.

## SAFETY NOTE

Hand tools (like hammers or chisels) should be kept in good repair so that injury from flying particles is avoided.
