The Andy Mona Service Divisions Expand

I'm sure Andy would be excited to know that Mona is embarking on the vision he had years ago; to start the Mona Residential Service Division.

Today we begin building a Residential Division in conjunction with Maryland Service. This group is headed by Pat Hall as Manager and John Hall as Field Manager. With the 19 combined years of Mona experience, Pat and John are committed in developing our residential group to be the very best in the Metropolitan area.

We want to thank the entire Mona organization and families for their support and dedication over the years in making our company a success. Please pass the word to your family, friends and associates that Mona now has a top quality residential group that is eager to serve.

Special thanks to Cap, Paul and Andy for their leadership and dedication in building our excellent reputation and name recognition that create opportunities for us all today and in the future.

Our Insurance and Safety Director, Connie Lee, is out recuperating from a recent surgery. Before Connie left the office last week she wanted to express to all employees that there were to be -0- safety or insurance claims until she returned in 6 weeks. Let's all work to keep her wish a reality. Come back soon Connie.
